S. W. ROBLEY IS RECOMMENDED TO DEPT. WORK

The boys' work committee of the Young Men's Christian Association of which Theodore Richards is chairman, met at 4:30 o'clock yesterday afternoon and voted to recommend S. W. Robley to the board of directors for the position of extension work secretary of the boys' department, to take the place of Glenn E. Jackson, whose resignation was received at the meeting. Mr. Jackson will be recommended by the general secretary to the position of physical director, to take the place of Fred W. Lau, resigned. The election of a new physical director will be held next Monday noon. Mr. Robley has been a volunteer worker among the boys' clubs for the past two months and has had excellent success in bringing the clubs to a high state of efficiency. When Mr. Jackson was suggested as the new physical director, Mr. Robley was at once mentioned as the man to fill his place. Mr. Robley has consented to serve with the association for the next year. The reorganization of the committee for the coming year was effected by the election of the following chairmen of sub-committees: George H. Angus, boys' field; W. C. Furer, employed boys' department; H. A. von Holt, school boys; F. H. McNamara, religious work; George P. Castle, treasurer; George S. Waterhouse, extension work. The committee discussed at length the matter of the financing of individual boys' clubs in different parts of the city. It has been adopted as the committee's policy that as rapidly as possible it furnish leaders and supervision for the several boys' clubs, but that each club must arrange to finance itself. The present clubs—Kaimuki, Kakaako, Kaula, Manoa and the Korean school—are all proceeding on this basis, the boys' committee providing trained leadership, volunteer leaders and continuity of administration. Each sub-committee chairman will associate with the group of volunteer leaders in carrying out the project.

Stomach Health-- Or No Cost to You

Very likely others have advised you to use Rexall Dyspepsia Tablets, because scores of people in this community believe them to be the best remedy ever made for Dyspepsia and Indigestion. That is what we think, too, because we know what they have done for others and what they are made of. We have so much faith in them that we urge you to try them at our risk. If they don't help you, they won't cost you a cent. If they do all that you want them to do—do not restore your stomach to health and make your digestion easy—just tell us and we will give back your money without a word or question. Containing Pepsin and Bismuth, two of the greatest digestive aids known to medical science, they soothe the inflamed stomach lining, help in the secretion of gastric juice, check heartburn and distress, promote regular bowel action, and make it possible for you to eat whatever you like whenever you like, with the comforting assurance that there will be no bad after-effects. We believe them to be the best remedy made for dyspepsia and indigestion. Sold only at the more than 7000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c and \$1.00. KAMEHAMEHA ALUMNI WILL ELECT OFFICERS AT MEETING TONIGHT

The members of the Kamehameha Alumni Association will hold an important meeting at the clubhouse, Fort street, this evening, beginning at 8 o'clock, at which time the annual election of officers will take place. Much interest is being shown in the election, as there are many candidates for each of the several positions. Joseph Ordenstein, the retiring president, has had a prosperous year and has been responsible for many of the organization's improvements. He will make his annual report at the meeting. For the coming year, Ordenstein is slated for the position of treasurer, which position he held before being elected president last year. The plans for the Kamehameha Day celebration will be finally decided upon this evening. Harold Godfrey, a committee of one appointed to take charge of the parade section, will make a favorable report, as more than 80 members already have signified their intention of being in line June 11. The nominations for officers are as follows: President, Rev. Akaike Akana; vice-president, Robert Mahikoa and Harry Auld; treasurer, William Ahia and Joseph Ordenstein; recording secretary, Harold Godfrey, Louis Feary and E. Murray; corresponding secretary, W. Aki and H. Auld; auditor, David Desha and S. Kaioa; directors, Thomas Treadway, Solomon Fukumura, W. Wingham, A. Loti and John Fern.

Miss Ellen Wrightman, a school teacher in Dobbs Ferry, N. Y., won a wager of \$100 from B. F. Shepherd, principal of the high school, by riding 15 minutes in a flying boat with Ralph M. Brown, the aviator. Nine persons, all related, were recently arrested in Pittsburgh, charged with being shoplifters. Goods valued at over \$10,000 were recovered.

KOREAN Y. M. C. A. HELP BUREAU IS DISCUSSED

The employment committee of the Young Men's Christian Association, of which R. J. Pratt is chairman, held a meeting yesterday afternoon at which time the matter of organizing a Korean employment bureau in connection with the newly-formed Korean Y. M. C. A. was taken up. Secretary A. E. Larimer was requested to appear at a meeting of Korean association members and outline the project. An employment bureau similar to the one recently organized for Filipinos was recommended for the Korean association. The May report of the central association committee showed that during the month, 11 men and two boys were placed in positions out of the 21 men and five boys who applied for work. The report of the Filipino employment bureau showed that during May work had been found for 31 men. Of this number 41 were found positions in Honolulu and at Schofield Barracks, while 50 were sent to various plantations throughout the territory in response to requisitions from plantation managers.

JOHN P. CLUM WILL TALK BEFORE THE PROMOTERS TODAY

John P. Clum, lecturer for the Southern Pacific railway, who is visiting in Hawaii, will address the members of the Promotion Committee at their meeting at 3:30 o'clock this afternoon on the subject, "The Impressions of Hawaii from a Lecturer's Standpoint." The Mr. Clum returned to Honolulu yesterday from a tour of Maui and Hawaii, during which he visited Kilauea and Haleakala.

During the coming summer and fall Mr. Clum intends to deliver a number of lectures under the auspices of the Chautauque circle, in connection with which he will speak of Hawaii and show stereopticon views and motion pictures of the Aquarium and surf riding. Secretary H. P. Wood stated this morning that all Southern Pacific lecturers now are supplied with slides showing views in Hawaii, as well as motion pictures, and that the islands are gaining considerably more publicity from this source than in the past.
